We invite applications from any interested student, but preference will be given to applications by students who belong to group(s) underrepresented in U.S. science.

Ellen Brenner was a reference librarian at the Cold Spring Harbor Laboratory Library and Archives. She upheld the highest standards of excellence in her work, while bringing warmth and sincerity to everyone with whom she worked. She had extensive knowledge of medical and science literature, having worked as a reference librarian at the Long Island Jewish Medical Center, Health Sciences Library, the Milton Helpern Library of Legal Medicine, and at the Cornell University Medical College Library.
